

PRICING · SERVING ALL OF NEW ENGLAND · EFFECTIVE OCTOBER 2026

A website you'll love. Clear, upfront prices.

Distinctive, easy-to-use websites for restaurants, trades and local businesses.

Own your website outright, with no required monthly maintenance plan.

LAUNCHED · RECOMMENDED

Live and ready.

\$1,000

one time

Your finished website, published on your own domain and ready for customers. I handle the technical setup; you own every account.

- ✓ Everything in the Website Handoff
- ✓ Published on free, fast hosting set up in your name
- ✓ Your domain connected, with a secure https address
- ✓ Contact form delivering to your email
- ✓ Website added to your Google Business Profile
- ✓ 30 days of corrections after launch

THE WEBSITE HANDOFF

Have a web person?

\$750

one time

A finished small-business website, delivered as files for you or your web person to publish.

- ✓ Responsive mobile and desktop layouts
- ✓ One consolidated round of text, photo, color and contact-detail changes
- ✓ Website source files and assets in a ZIP
- ✓ Written handoff instructions
- ✓ 30 days of corrections for defects in the delivered work

OPTIONAL UPDATES

Help when you need it.

\$100

per 30 minutes

Content updates, maintenance or setup help, scheduled by agreement. No subscription required.

- ✓ 30-minute minimum per batch of requests
- ✓ Combine small changes into one request
- ✓ Approve the estimate before work begins
- ✓ Subject to availability; no emergency support commitment

A simple payment schedule.

Launched: \$500 to start, \$500 before launch.

Handoff: \$375 to start, \$375 before final file delivery.

The agreed design and scope are confirmed in writing before any payment.

Know what's separate.

Domain registration and any paid services are billed to you directly. The \$750 handoff is file delivery only; hosting and launch are not included. Significant redesigns, extra revisions and new features need an approved quote. Search rankings, traffic and sales are not guaranteed.

01

Talk it through.

Your customers, your goals, and what your site needs to do. Then a clear proposal.

02

Make it yours.

Provide your content and one consolidated round of changes.

03

Check the details.

Mobile layouts, links, forms, readability and the path to contacting you.

04

Go live.

Launched on your domain, or handed off as files with instructions.
